J&J SNACK FOODS' FOURTH QUARTER NET SALES INCREASE 28%, DRIVING 187% RISE IN NET EARNINGS

- Fourth Quarter and Full-Year Fiscal 2021 EPS of \$0.98 and \$2.91 -

Pennsauken, NJ, November 15, 2021 - J&J Snack Foods Corp. (NASDAQ: JJSF) today reported financial results for the fourth quarter and full year ended September 25, 2021.

	Fourth	Fourth Quarter		Year
	Actuals	% v. LY	Actuals	% v. LY
Net Sales	\$323.1M	28%	\$1,145M	12%
Operating Income	\$25.3M	543%	\$71.2M	314%
Net Earnings	\$18.9M	187%	\$55.6M	204%
Earnings per Diluted Share (EPS)	\$0.98	180%	\$2.91	203%

Dan Fachner, J&J's President and CEO, commented, "We are pleased with the strong finish to the year and the positive trends we see across our business, including exceeding pre-Covid sales levels in the fourth quarter despite an incredibly challenging operating environment. While fiscal 2019 was one of our strongest years, our net sales for Q4 '21 increased 4%, compared to the same period in fiscal 2019, driven by a 6% increase in our Food Service segment and 29% growth in our Retail segment as traffic across many of our customers' venues and outlets continues to rebound. Our Frozen Beverages segment also continues to improve, with sales down 12% in the fourth quarter, compared to fiscal 2019, which also reflects quarterly sequential momentum from this segment relative to the comparison between Q3 '21 and Q3 '19. Despite the marked variance between channels experiencing recoveries such as restaurant, amusement, retail and convenience, and slower recovery channels such as theaters, the team is doing a great job balancing initiatives to drive growth and create more effective and efficient operational processes."

"Our focus on efficiencies, combined with success in managing the business through these challenging times, is reflected in 28% top-line growth, which led to robust year-over-year net earnings growth of 187% and 204% for the fourth quarter and full year, respectively. While the top and bottom line results are strong, we see opportunities for further upside, as at present, we continue to experience margin pressures brought on by rising costs across the supply chain, including commodities, logistics and wages. To offset these inflationary pressures, we have undertaken a number of pricing actions, which in combination with cost savings initiatives, will help drive margin improvements as the impact of these operational pressures and the benefits of our actions align."

Mr. Fachner added, "As we look to fiscal 2022, we are confident that our unwavering dedication to serve our customers and manage our business in the most effective and efficient way possible will allow us to successfully navigate short-term challenges and further JJSF's position as a leader in the growing snack foods segment. Our proven business model and long history of results highlights our ability to effectively leverage our core brands, bring further product innovation to market and drive new availability while continuing to focus on the customer experience and creating additional value for our employees, partners and shareholders."

Total Company Fourth Quarter Highlights

Net sales increased 28% to \$323.1 million in Q4 of fiscal 2021, compared to Q4 of fiscal 2020, and by 4%, compared to Q4 of fiscal 2019.

Key highlights include:

- Sales were driven by growth in core products, including soft pretzels, churros, bakery and frozen beverages, as well as the continued success of our chicken bake handheld recently introduced into the Club channel.
- Food Service sales exceeded Q4 '20 by 35%, and surpassed Q4 '19 by 6%.
- Retail segment sales were 9% below Q4 '20 when sales grew 41% benefiting from consumers being home during the pandemic. However, retail sales remained strong compared to pre-pandemic Q4 '19 levels, growing 29%.
- Frozen Beverage segment sales beat Q4 '20 sales by 46%, led by frozen beverages growing over 104%; frozen beverage sales improved to just 4% below Q4 '19 levels led by strong growth across restaurant, convenience, and amusement channels, partially offset by a slower recovery across our theater customers.

Gross profit as a percentage of sales was 28.4% in Q4 '21, compared to 21.4% in Q4 '20, reflecting the operating leverage benefit of increased sales, favorable product mix and corresponding margin efficiencies.

Total operating expenses were 20.6% of sales for the quarter, an increase of 80 bps, compared to Q4 '20. Expenses were negatively impacted by industry-wide freight and distribution cost increases. Distribution costs were 10.1% of sales in the quarter, an increase of 90 bps versus the prior year period, while marketing and selling expenses were 6.5% of sales, or flat, compared to Q4 '20. Administrative expenses were 3.6% of sales in Q4 '21, compared to 3.4% in Q4 '20.

Operating income was \$25.3 million in the fourth quarter of fiscal 2021, compared to \$3.9 million in the prior year period, largely reflecting the operating leverage in our model and the aforementioned items. Net earnings in Q4 '21 increased to \$18.9 million, compared to \$6.6 million in Q4 '20. Our effective tax rate was 26% in Q4 '21.

Total Company Fiscal 2021 Highlights

Net sales increased 12% to \$1,145 million for full year fiscal 2021, versus full year fiscal 2020, as performance in the last two quarters of the year returned to pre-Covid levels.

Key highlights include:

- Food Service sales grew 17% in fiscal 2021, compared to the prior year, led by soft pretzels, churros, handhelds and bakery.
- Retail sales continued their strong performance growing 4%, following 23% growth in this segment in fiscal 2020. This growth was driven by soft
 pretzels and our frozen novelties business.

• Frozen Beverages segment sales grew 4% as key amusement, convenience, restaurants, and retail venues returned to pre-Covid capacity in the second half of the year offsetting a slower recovery in the theater channel.

Gross profit as a percentage of sales improved to 26.1% for fiscal 2021, compared to 23.3% for the prior year, with the increase largely attributable to the benefit of increased demand, favorable product mix and corresponding margin efficiencies.

Total operating expenses improved to 19.9% of sales, compared to 21.6% for fiscal 2020 reflecting the alignment of expenses with the post-pandemic sales recovery. Expenses were negatively impacted by industry-wide freight and distribution cost increases. Distribution cost were 9.5% of sales for the year, 40 bps higher than the prior year. Marketing and selling expenses were 6.8% of sales, compared to 8.3% last year, driven by effective investment of marketing dollars aligned with sales recovery. Administrative expenses were 3.5% of sales this year, compared to 3.6% last year.

Fiscal 2021 operating income improved to \$71.2 million, compared to \$17.2 million for fiscal 2020, largely as the result of the aforementioned items.

Fiscal 2021 net earnings increased over 200% to \$55.6 million, compared to \$18.3 million in fiscal 2020. Our effective tax rate was 25% in fiscal 2021.

Food Service Segment Fourth Quarter Highlights

- Q4 '21 food service sales exceeded Q4 '20 by 35% and surpassed Q4 '19 sales by 6%.
- Customer venues across sports, amusement, convenience, schools and restaurants are experiencing a surge in post pandemic demand driving strong sales in our core products, including 62% increase in soft pretzel sales to \$54.6 million, 39% increase in frozen juices and ices sales to \$13.8 million, churro sales growth of 121% to \$18.6 million led by customer expansion and growing menu penetration, bakery sales growth of 10% to \$85.0 million, and, handheld sales growth of 36% led by the recent introduction of chicken bake products.
- Sales of new products increased to \$5.5 million led by the introduction of chicken bake items and to a lesser degree by a new cookie product under the Honolulu Cookie Company brand.
- Q4 '21 operating income increased by \$10.6 million to \$9.3 million driven by strong sales and improved product mix that helped leverage cost of goods and operating expenses.

Retail Segment Fourth Quarter Highlights

- Q4 '21 retail sales decreased 9%, compared to Q4 '20, and grew 29% versus Q4 '19 sales. Q4 '20 sales benefited from consumers eating more at home during the throes of the Covid-19 pandemic.
- Soft pretzels declined 1%, compared to Q4 '20, while sales almost doubled as compared to Q4 '19 led by our SuperPretzel core product and growing pretzel bites volume. Frozen juices and ices sales decreased 3%, however were 32% higher than the same quarter in fiscal 2019 aided by wider distribution for Luigi's, Whole Fruit, Dogsters, Icee and Minute Maid brands. Biscuit sales declined 16% in the quarter.
- Operating income declined \$3.0 million driven by lower sales, however delivered strong operating margins of 12% as we cycled the peak retail performance in a challenging cost environment during Q4 '20 when consumers were less mobile. Operating income is \$4 million higher than pre-Covid Q4 19.

Frozen Beverages Segment Fourth Quarter Highlights

- Frozen beverage segment sales beat Q4 '20 sales by 46% led by beverage sales.
- Beverage sales grew over 100%, \$24.4 million higher than in Q4 '20 and 4% below Q4 '19 reflecting the growing momentum across amusement, convenience, and restaurant channels.
- Fiscal 2021 saw the launch with Krystal Hamburgers and innovation through products such as Icee Desserts at Golden Corral helping offset slower recovery in the theater channel.
- Service revenues declined 2% and equipment sales declined 5% driven mainly by the lagging theater industry.
- Operating income increased \$13.7 million as strong sales drove leverage across the business.

Fiscal Fourth Quarter Conference Call

J&J Snack Foods Corp. will host a conference call at 10:00 a.m. Eastern Time on Tuesday, November 16th, 2021. Senior management will discuss the financial results and host a question-and-answer session. The dial in number for the audio conference call is +1 (847) 585-4422, confirmation number 9408 458#.

About J&J Snack Foods Corp.

- **SOUR PATCH KIDS is a registered trademark of Mondelez International group, used under license.

Certain Definitions

Adjusted EBITDA consists of net earnings adjusted to exclude: income taxes (benefit); investment income; interest expense; depreciation and amortization; share-based compensation expense; COVID-19 related expenses; net (gain) loss on sale or disposal of assets; impairment charges, and restructuring costs.

Non-GAAP Financial Measures

It is important to note that *Adjusted EBITDA* is not a measure of performance calculated in accordance with generally accepted accounting principles ("GAAP"). Management believes that this measure is useful as a way to evaluate the Company and the means for Management to evaluate our performance and operations. Management believes that this measure is useful to an investor in evaluating our performance because it is widely used in the food and beverage industry.

A certain adjusted non-GAAP financial measure is presented in this release. Management believes this adjusted non-GAAP measure provides useful information to Management and investors by excluding certain income, expenses, and gains and losses that may not be indicative of the Company's core operating and financial results. Similarly, Management believes this adjusted measure is a useful performance measure because certain items included in the calculation of net earnings may either mask or exaggerate trends in the Company's ongoing operating performance. Further, the reconciliation corresponding to this adjusted measure, by identifying individual adjustments, provides a useful mechanism for investors to consider this adjusted measure with some, or all, of the identified adjustments.

Management uses this non-GAAP financial measure on an ongoing basis to help track and assess the Company's financial performance. You, however, should not consider non-GAAP measures in isolation or as a substitute for net earnings, operating income, or any other measure for determining our operating performance that is calculated in accordance with generally accepted accounting principles. This non-GAA measure is not necessarily comparable to similarly titled measures employed by other companies. The accompanying financial tables provide reconciliations to the nearest GAAP measure of all non-GAAP measures provided in this release.
